

## **Collaborative Activities**

**Program Description:** The award-winning Arrow Youth Leadership Council (Formerly The South Fulton Arrow Youth Council), provides elite afterschool programs/or Saturday clubs that supports student learning and success through our 21st century leadership engagement training model known as the Arrow Leadership Institute. The program will be held at your school campus/organization or municipal center.

**Program Goals:** Through our network of trained, vetted, caring and professional mentors and facilitators, we create a supportive educational environment that halts precipitous habits and inspires opportunity students to target their potential, change the trajectory of their lives and become young change agents and influencers in their school communities.

## **Organization Responsibilities**

**Services.** Organization will provide the following services:

Our scope of work is defined in our 4 rules of engagement delivered as the following:

**Standards/Objectives:** (What should students be able to do at the end of the lesson?)

- Differentiate between right and wrong
- Recognize the advantages of taking a “process perspective” towards becoming a leader
- Influence the school to rely on the ARROWs to make peer decisions and help other students in the school
- Implement strategies, plans, projects, and initiatives effectively
- Lead learning initiatives so that your school can improve and innovate
- Manage and lead the school council
- Design, direct, and shape various school processes to help all students

**Materials Needed: (Depends on the activity of the day)**

## **Program modules provide opportunities for:**

Evaluation - provides effective theory-based practices for delivering evaluation support to at risk students/education.

Synthesis - mental and physical strength, decision-making and problem-solving

Analysis - the modules provides information and techniques for planning participatory training in the context of physical exercises and literacy work

Application - Army Basic Training Values

Understanding - students understands actions vs consequences

Knowledge - students retain history and gain mental and physical strength
