## Peace Pledge

**I pledge to live in peace.**

I am a peace maker.

In spite of the reality of the negativity

that may be before me,

I choose to make decisions that lead to peace

and to be the change that I want to see.

**I pledge** to be considerate of others

And express my views with civility.

**I pledge** to be mindful that I must work

towards a better state of social wellness.

Therefore, **I pledge** to target my potential

And **not** my classmates or friends.

I have discovered that I have the velocity

and momentum

to create a better world for us all.

I am creative,

I am compassionate,

I am calm.

**I CHOOSE PEACE!!!**
